Dear Air Emissions Official:

Enclosed, please find information you will need to complete the 1992 Annual Emissions Report for your source. This report must be completed to reflect air emissions for calendar year 1992. Please note that instructions are also included to help you complete the report. Each person having responsibility for completing the report should read and carefully follow these instructions.

When properly completed and signed, the forms contained herein will fulfill your reporting requirements specified by the Clean Air Act Amendments and 35 Ill. Adm. Code Part 254. The completed report must be filed with the Illinois Environmental Protection Agency (IEPA) by October 1, 1993. There are no provisions for extensions to this filing deadline. Failure to file a report by the deadline is a violation of 35 Ill. Adm. Code 201.302(a) and (b) and is subject to the penalties described in Section 42 of the Illinois Environmental Protection Act. Further, the United States Environmental Protection Agency is requiring the IEPA to provide reports of noncomplying sources.

General questions about completing the report may be directed to Ron Miller who may be reached at telephone number 217-782-5811. In addition, information has been enclosed regarding workshops designed to provide assistance in completing the Annual Emission Report.

Sincerely,

Bharat Mathur, Chief
